I Need Love

Written by

Michael Ward, Steve Hemsley & Esther Vaughan

Look at our faces, would you trade places,
All we shared, much we planned, now remind us where we stand.
Look at me, why you don't see,
My feelings show, I can't let go though I try.

I need love, lord knows I know it.
I need love, these tears may show it.
Tell the world, don't care who knows it.
I need love like you.

Homes are dust, unkind, unjust,
Signs of life, signs of pain,
Hope that love will come again.

How we are living, so unforgiving,
Not just now, not just there,
All around, everywhere,
Not just night, not just day,
Suffering much in the same way,
Do you stare, do you care,
Will you forget when we're not there.

I need love, lord knows I know it.
I need love, these tears may show it.
Tell the world, don't care who knows it.
I need love like you, like you.
