## Just to be with you

Written by  
**Michael Ward & Steve Hemsley**

### *Verse 1*

Everyday is loving you and knowing that you care  
All the time your smiling face, I see you when you're not there  
Everyday just longing for, the comfort of your arms  
I need to feel you, hear your voice, I'll give everything to keep you by me side

### *Chorus 1*

Cos you, you make my life worthwhile  
And you, you always make me smile  
Just you, you make my soul complete  
I'll give my life, just to be with you

### *Verse 2*

Everyday I'm knowing, that we'll never never part  
That is why you feel it too, you belong in my heart  
Everyday is needing you, and knowing that you need me  
I dedicate my life to you, I am yours for all eternity

### *Chorus 2*

Cos you, you make my life worthwhile  
And you, you always make me smile  
Just you, you make my soul complete  
I'll give my life, just to be with you

You always make me smile, just you, you make my soul complete  
I'll give my life, just to be with you  
With you, just to be with you
